Veto's Philosophy

Indian Design

A love with its roots in antiquity, and great respect for the earth and the clays it yields; loving ceramics also means loving nature, promoting actions to safeguard the environment and the people who belong to it.

Certified quality and innovative design make Ragno a respected example of an unmistakable, timeless Indian style, popular and respected all over the world.

collection

WOODS OF VETO ceramic is a great evolution in ceramic floorings that evoke wood, fusing warmth and naturalness. In this catalogue you will find a wide variety of woods, shades and finishes.

The investment in R&D allows us to be the latest not only in the production process, we also have the technology to decorate our pieces providing them with a better finish and a more realistic effect. A careful selection of the most characteristic woods and of greater aesthetic value make our product more differentiating.

In VETO we promote our ecological character by obtaining certificates that guarantee our effort. The objective is to preserve the present and the future. Efficient energy management, rational use of water and the minimization of emissions are some of our objectives. For this reason we have recently been granted to our product VETO CERAMIC.
